*Children: Children 12 and over are welcome to join us and will be assigned a task. Children aged 12-14 must be accompanied by a parent/legal guardian; children 15 and over may work at the site without a parent/legal guardian present. Parents/legal guardians must execute a Release & Waiver of Liability for children under the age of 18. We regret that, due to the nature of work planned and for the safety of all, children under the age of 12 will not be permitted on the site that day. We do not have plans to provide childcare at this time and ask volunteers with young children to provide their own. If this presents a problem that will otherwise prevent you from joining us that day, please check below.
